The ICHR had initiated and established its Regional Office in the old Law College building in 1998. The building is a century old building of Heritage. The Bangalore University with the approval of the Syndicate and approval of Government of Karnataka allotted this building on Lease for a period of 30 years from 1998. Out of 30 years, 25 years have been completed. Meanwhile the Bangalore University has been divided into three separate Universities. The Central College campus is made as a new University, now known as Bengaluru City University. Along with ICHR's Regional Centre, there are other regional offices such as UGC, AICTE, Sahitya Akademi, etc., in the same campus. The newly established University Bengaluru City University took decision to claim and vacate the offices of ICHR and others. The ICHR Southern Regional Centre received a notice from the Bengaluru City University to vacate and hand over the building to the Bengaluru City University. The Council made a request to the Bengaluru City University to continue the Regional Centre till the completion of Lease period i.e. till the year 2028. However, the Bengaluru City University made a legal case and approached the judicial court in 2019. The Southern Regional Centre has also made a request to the Hon'ble Civil Court. Meanwhile, the Bengaluru City University took decision to withdraw the court cases against the ICHR and other offices. The case was withdrawn in January 2022. Presently the Southern Regional Centre is functioning in the same building.

(i) Reproduction of 100 years old *Epigraphia Carnatica* Volumes

The Government of Princely Mysore through its Archaeological Department had brought out inscription of Karnataka in 15 volumes entitled *Epigraphia Carnatica*. The editor of the series was the great B.L. Rice. These volumes printed between 1885-1905 are out of print for over 75 years. Even some University libraries do not have them. To cope with the revolution in Information Technology and to adopt ourselves the Centre took up the work of producing the Karnataka inscriptions in one CD-RoM. This is a project which reproduces 15 volumes of the *Epigraphia Carnatica* edited by B.L. Rice, M.H. Krishn and R. Narasimhachar. The CD-RoM Project taken up in September 1998 was completed in January 2000. A total 15,283 pages of the volumes have been scanned by the M/s. Newgen Software Technologies Pvt. Ltd., Bangalore.
